DETAILED ACTION

This is in reference to communication received 12 June 2007. Claims 3 – 5 and 8 are pending for examination and phone interview on 14 September 2007 with Donna K. Mason (Reg. No. 45,962). As discussed during the Phone Interview:

In the amended claims 3 and 8 applicant has not:

positively claimed the purpose of acquiring information on documents which have been applied in a certain country, and information on documents which have accepted permission from said I certain country as a result of examinations after application because it is not tied to the claimed limitations of the claim.

positively claimed whether the claimed limitation “assisting in preparing an application for another country, other than said certain country, with reference to said information on the documents” is the computer system preparing an application, or, a user refers to the information and makes an application for another country.

positively claimed whether the other country is a user specified country or a randomly selected country.

In response to this office action, applicant is request to send a response positively claiming the invention which the applicant regards as their claimed invention.

During the search of another unrelated application, examiner found a reference US Publication 2003/0014273 which is deemed that it can be cited in response to the pending amended claims in the instant application. Applicant is requested to consider the newly found art prior to responding to this office action.

This requirement is subject to the provisions of 37 CFR 1.134, 1.135 and 1.136 and has a shortened statutory period of 1 month. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
